2. LICENSE AND USE RESTRICTIONS

2.1 Limited License

2.1.1 Subject to the terms and conditions of this Agreement and, with respect to Other Software, to the applicable Other License Terms, PacBio grants to Licensee a non-exclusive, non-transferable, non-sublicensable license to use the Licensed Software and Documentation only in connection with other Products and only in accordance with the applicable, then-current Documentation. PacBio hereby reserves all rights to the Licensed Software and Documentation, except for the rights expressly granted herein. No right, license or authorization is granted, by implication, estoppel, reliance or otherwise, or under any theory of exhaustion of intellectual property rights. For example, and without limiting the preceding sentence, no right or license is granted or implied, and Licensee is not authorized to use any Product in combination with any product or method not provided, licensed or specifically recommend in writing by PacBio for such use. Notwithstanding the contrary herein, Licensee is not licensed or authorized to use any PacBio Sequel sequencing instrument or associated PacBio Consumables (or any other Product(s) in connection therewith) for (a) medical management (including, without limitation, diagnosis or treatment of a human disease or condition) of a human being, (b) quality control or testing of human blood or tissue for transfusion or blood banking, human bone marrow transplantation or banking, or human tissue typing for transplantation, or (c) clinical studies for obtaining or maintaining any Approval (as defined below) for any such Product or any service provided to a third party involving the use of any such Product where such service is intended for the purposes described under subsections (a) or (b) above, or for other clinical research, in each case linked to the medical management of a human being.

2.1.2 Titles. Licensee acknowledges that PacBio retains title to the Licensed Software and Documentation and each copy thereof provided to or made by Licensee, which copies are licensed to Licensee for use in accordance with this Agreement. PacBio only licenses Software and Documentation. PacBio never sells Software or Documentation or copies thereof.

2.1.3 Copies. Licensee may make a single machine-readable copy of the Licensed Software for backup or archival purposes. Licensee may make a reasonable number of copies of the Documentation in support of its use of the Licensed Software pursuant to this Agreement. Licensee shall not make any other copies of the Licensed Software or Documentation. Licensee shall maintain accurate and up-to-date records of the number and location of all copies of the Licensed Software and Documentation and, upon request, inform PacBio in writing of such location. All copies of the Licensed Software and Documentation will be subject to the terms and conditions of this Agreement. On each copy Licensee shall reproduce, and shall not modify, obscure, or efface, any and all titles, trademark symbols, copyright symbols, notices and legends, and other proprietary markings on or in the Licensed Software and Documentation.

2.1.4 No Source Code. Licensee is granted no rights with respect to the Licensed Software source code. Licensee is granted no rights to, and Licensee agrees that it will not, and will not authorize or permit any third party to, decompress, disassemble, or reverse engineer, or attempt to derive the source code for the Licensed Software, in whole or in part.

2.1.5 Other Restrictions. Licensee shall not, and shall not authorize or permit any third party to: (a) sell, lease, license, sublicense, or otherwise transfer the Licensed Software or the Documentation; (b) provide, disclose, or make the Licensed Software or Documentation available to any third party, or permit access to or of the Licensed Software or Documentation by any person other than Licensee's employees, agents, or contractors who are, by agreement, bound by the terms of this Agreement to the same extent as Licensee; (c) merge or combine the Licensed Software with other software, or modify the Licensed Software, or create any derivative software or any other software based upon, or any derivative work of, the Licensed Software or Documentation; or (d) modify or efface any copyright notice, copyright symbols, notices or legends, or any other proprietary markings on or in the Licensed Software or Documentation. All license restrictions specified in this Agreement shall apply to the maximum extent permissible under applicable law. 2.1.6 Regulatory Compliance. Licensee acknowledges that the Licensed Software does not have United States Food and Drug Administration ("FDA") or equivalent non-U.S. regulatory agency approval ("Approval"). Accordingly, Licensee acknowledges that the Licensed Software is intended FOR RESEARCH USE ONLY and NOT FOR USE IN DIAGNOSTIC PROCEDURES. The Licensed Software is not used by qualified professionals in strict accordance with applicable instructions, warnings and other information in user manuals and other Documentation. Unless otherwise expressly stated by PacBio in writing, no claim or representation is made or intended by PacBio (i) as to any diagnostic or other clinical use of the Licensed Software; (ii) that any Licensed Software has Approval for any use in any diagnostic or other clinical procedure, or for any other use requiring compliance with any law, regulation or governmental policy concerning medical devices, laboratory tests or the like (collectively, "Regulatory Laws"); (iii) that any Licensed Software will satisfy the requirements of the FDA or any other regulatory agency; or (iv) that any Licensed Software or its performance is suitable or has been validated for clinical or diagnostic use, for safety and effectiveness, for any specific use or application, or for importation into Licensee's jurisdiction. Licensee acknowledges that the Licensed Software is not intended for any Purpose other than as a primary analysis software, or as a part of any Product where the application of Regulatory Laws or any other law, regulation or governmental policy, Licensee shall be solely responsible for obtaining any required Approvals and otherwise ensuring that the importation of the Products into Licensee's jurisdiction and Licensee's use of Products complies with all such laws, regulations and policies. The burden of proof for safe use and handling of the Licensed Software is entirely the responsibility of Licensee. For clarity, this Section 2.6 shall not be construed as granting, by implication, estoppel, reliance or otherwise, any right, license or authorization to Licensee.

Such Other Software and/or the applicable Other License Terms may be listed or identified in the Licensed Software or Documentation or contained in a file or directory provided with the delivery of the Licensed Software. Licensee’s use of such Other Software in conjunction with the Licensed Software in a manner consistent with the terms of this Agreement is permitted. However, Licensee may have broader rights with respect to the Other Software under the applicable Other License Terms and nothing in this Agreement is intended to impose further restrictions on the Licensee’s use of such Other Software per se.

3. NO STANDALONE WARRANTY; LIABILITY LIMITATIONS AND DISCLAIMERS

3.1 No Standalone Warranty for Licensed Software. PacBio’s warranty for PacBio Instruments (including their use in connection with the most current version of Licensed Software, or, with PacBio approval, a previous version of the Licensed Software) is published at a PacBio website at http://www.pacb.com/legal-and-trademarks/product-warranty-information/, or can be obtained by contacting PacBio. PacBio makes no standalone warranty with regard to Licensed Software. CONSEQUENTLY, THE LICENSED SOFTWARE (AND ANY OTHER SOFTWARE) IS PROVIDED BY PACBIO "AS IS" AND "WITH ALL FAULTS" AND "WITH ALL ISSUES", WITHOUT WARRANTY OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, MERCHANTABILITY, OR THAT THE LICENSED SOFTWARE WILL SATISFY ANY REQUIREMENTS, NEEDS OR EXPECTATIONS OR WILL MEET ANY SPECIFICATIONS OR THAT THE LICENSED SOFTWARE WILL BE ERROR-FREE, FREE FROM DEFECTS OR INCONSPICUOUS, OR THAT THE LICENSED SOFTWARE WILL OPERATE CONSISTENTLY OR EFFECTIVELY, OR THAT THE LICENSED SOFTWARE WILL OPERATE IN ACCORDANCE WITH RESPONSE TIMES, PERFORMANCE LEVELS OR RESPONSE TIMES SPECIFIED BY LICENSEE OR ANY OTHER USER.

3.3 Limitation of Liability. Except as otherwise expressly agreed by PacBio in writing, PacBio’s Liability arising out of or in connection with this Agreement, the Licensed Software and/or other Software shall be limited to the Amount Paid (if any) by the Licensee for the Licensed Software and/or other Software giving rise to the Liability, or one hundred United States Dollars (US$100.00), whichever is greater, and in no event shall PacBio’s aggregate Liability arising out of or in connection with this Agreement, the Licensed Software and/or other Software exceed the total amounts received by PacBio under the applicable Agreement(s) with Licensee’s purchase of the PacBio Instrument(s) with which the Licensed Software is licensed. In no event shall PacBio be liable for costs of substitute goods or services, or for any special, consequential, incidental, exemplary or indirect damages for breach of warranty.

3.4 Third Party Disclaimers. Notwithstanding any provision to the contrary herein, and unless otherwise expressly indicated in the Quotation, Documentation or any other License Terms, none of PacBio’s suppliers or licensors of any Product or other item provided by PacBio, or any portion thereof (under this Product or other item) (each, a “Supplier”) provides any Warranty, whatsoever, express, statutory, implied, or otherwise, to Licensee, including, but not limited to, any WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, NONINFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE, REGARDING THE USE OF THE LICENSED SOFTWARE AND/OR OTHER SOFTWARE (INCLUDING, WITHOUT LIMITATION, ANY CLAIM OF INACCURATE, INVALID OR INCOMPLETE RESULTS), IN EACH CASE HOWEVER ARISING, INCLUDING WITHOUT LIMITATION FROM A COURSE OF PERFORMANCE, DEALING OR USAGE OF TRADE, OR OTHERWISE. IN NO EVENT SHALL PACBIO BE LIABLE FOR COSTS OF SUBSTITUTE GOODS OR SERVICES, OR FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL, EXEMPLARY OR INDIRECT DAMAGES FOR BREACH OF WARRANTY.

3.5 Indemnification of PacBio. Licensee agrees to defend PacBio against any third party claim, proceeding or action ("Claim") that arises in connection with Licensee’s use of the Licensed Software (a) for any clinical purpose or application, (b) in violation of any applicable law or regulation, or (c) in the provision of services under any ‘fee for service’ agreement or other arrangement. Licensee will pay all damages awarded, and settlement approved, in connection therewith, provided that (i) PacBio provides to Licensee written notice of the Claim within thirty (30) days of receipt by PacBio of such Claim, or such earlier time as required to avoid prejudice to PacBio or its ability to defend such Claim, (ii) PacBio allows Licensee to control the defense and settlement of the Claim, and (iii) PacBio provides to Licensee reasonable assistance in connection therewith, at no charge to Licensee. PacBio may employ counsel at its own expense to assist it with respect to any such claim, provided that this shall not obligate Licensee or its counsel to consult with or advise such PacBio counsel, nor affect Licensee’s control of the defense and settlement of the Claim. If Licensee is a U.S. state, city, town or other municipality, or a public university, college or other not-for-profit institution chartered under the laws of a U.S. state, this section shall apply to the maximum extent permitted by applicable law. This section shall not apply if Licensee is an agency of the U.S. Government; in such case, Licensee’s liability shall be limited by the Federal Tort Claims Act, 28 USC 2671, et seq.

4.4 Severability. If any section, provision, paragraph or any portion thereof in this Agreement shall be found or be held to be invalid or unenforceable in any jurisdiction in which this Agreement is enforceable thereunder in that jurisdiction, the remainder of this Agreement shall be valid and enforceable and the parties shall negotiate, in good faith, a substitute, valid and enforceable provision which most nearly effects the parties’ intent in entering into this Agreement.

4.5 Force Majeure. Neither party shall be liable to the other party for any failure or delay in the performance of any of its obligations under this Agreement for the period and to the extent such failure or delay is caused by civil unrest, threat of or actual acts of terrorism or war, embargoes, governmental actions, acts of God, earthquakes, floods, storms, fires, supplier delay, accidents, explosions, epidemics, quarantine restrictions, or other such contingencies beyond the reasonable control of the applicable party (“Force Majeure”). The party affected shall notify the other party as soon as practicable of any anticipated delay due to Force Majeure.

4.7 General. The section headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. The English language shall govern the meaning and interpretation of this Agreement. This Agreement (including without limitation all exhibits hereto and all attachments thereto, which are incorporated herein by this reference as though fully set forth in the body of this Agreement) embodies the final and complete understanding of the parties with respect to the subject matter hereof, superseding all prior oral or written communications between them, and neither of the parties shall be bound by any conditions, definitions, warranties, understandings, or representations with respect to the subject matter hereof other than as expressly provided herein.
